We don't grow alone, and this book ensures you don't have to.

Scenes from A Single Mom is your squad of sister friends cheering you on by transparently sharing their truths, trials and triumphs to encourage you as you grow through to become the mother you were purposed to be. You'll be empowered to forgive yourself, confront your past and dance through the storms and stigmas as you welcome your sunshine and successes.

You'll feel like you're away on a retreat or kicking it on the couch with your girlfriends as you read along. Expect to laugh, cry and nod in recognition as you delve into stories of truth, trials and triumph. As a mother, mother-to-be, grandmother, or if you've never even considered motherhood, you'll be sure to connect with these scenes at your core:

TRUTH - Our journeys always intersect when we embrace our authenticity.

TRIALS - Our courage connects us as we persevere through the seemingly impossible.

TRIUMPH - Our resilience and determination to be victorious is undeniable: our faith is unshakeable.

No matter where you find yourself on your motherhood journey, with this book, you'll know you're not alone!

Scenes From A Single Mom started as blog in 2011 by Tiffany Huff, when she felt compelled to share her journey of being more than "just a single mom." She shared transparent, up close and personal insight into her journey to balance the lies of the single mother, baby mama drama stigma with the everyday challenges of being strong enough to manage full time employment, a social life and a healthy, loving home for her two young sons while her roots in the hood constantly threatened to take her under. The blog soon grew into a community of not only single moms, but women across the country struggling to share their truths, refusing to be defeated by their trials and learning to celebrate their triumphs and successes on their own terms.

"Even with all these issues, I just felt like everything would work out. And because God looks after babies and fools, things did work out."

- Erica Day, Blended

"I had been living behind my walls of refuge for so long that I thought I would never experience real love. I was secluded to my fears, doubts, and insecurities."

- Erica L. Gandy, Dreambuilders

"Sometimes, things don't happen the way we want them to because they shouldn't. Our plans for our lives aren't always God's plans for our lives."

- Tanika McBee, The Truth Is...

"Their illegitimate relationship was always rocky after their secret times of intimacy. Of course he was always in control, well she didn't know anything to begin with, but he would be so mean and hateful if she didn't feel comfortable doing things he wanted her to do."

- Kenya C. McNeil

"I had never taken my life seriously, but my pregnancy had given me a purpose. It was a purpose that I felt I had created: it was a purpose I could see. I was her mother."

- Kari Ogbara, She Get It From Her Momma.

"I hadn't completely healed from the anger that had taken root inside of me from our first conversation about the pregnancy. See, I became bitter about my situation."

- Shavon N. Taylor, Girl, Let That Go!

"I began to think about all the sacrifices that I've made, and the dreams that I had deferred. For many years, I allowed fear to guide me, but for the first time I decided to stand on the promises of God"

- Ticina L. Williams, Resurrecting My Dream
